

ABSTRACT OF THE DISCLOSURE

A saw blade that includes a bandsaw body and a plurality of unset teeth having a generally uniform height. The teeth are disposed on the bandsaw body. At least some of the teeth have a cutting extension that extends above the uniform height of the teeth.

1. A saw blade comprising:
a bandsaw body;
a plurality of unset teeth disposed on the bandsaw body;
at least one of the unset teeth having a cutting extension that extends above a uniform height of the unset teeth.
